(password is referrer)

Inteleviewer Installation Guide

InteleViewer Quick Reference Guide

InteleViewer User Guide

4 Click on the button to download the software. It will download to the 'downloads' location on your computer. This may take a few minutes. Once downloaded, open the attachment and follow the prompts. You may wish to check on the installation location of the software.

 If installing a MAC version please be aware that you may need to change your system preferences security settings or it may not install correctly.

5 Once you have the icon on your desktop you will be asked to enter new server information; this is shownbelow.

 Tick the protect bookmark and give a custom name you will recognise eg North Coast Radiology
