

Simple secure access to images and reports

Access to images **anywhere, anytime.**

ncrg.com.au

NORTH COAST
Radiology

Simple secure access to images and reports

GP Messenger

GP Messenger enables image viewing from your Practice Management Software

- ✓ Secure access without need to login
- ✓ One click on link in the report delivered to your PMS to view images
- ✓ No films or CDs to access and store
- ✓ Simple sharing of reports and images within your practice

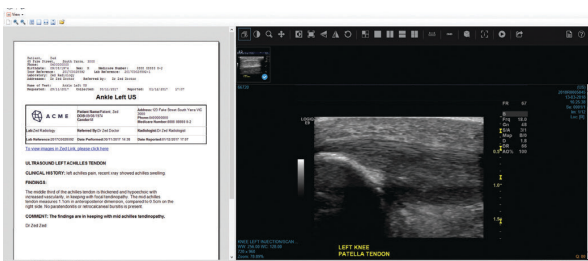

NCRG Image system

medical-objects

Patient Mgmt Software

The Doctor Portal

Provides images and reports at the point of care (similar to IntelConnect)

- ✓ Login to existing NCRG PACS account
- ✓ Desktop or mobile access to images and reports, regardless of location
- ✓ Ability to share instantly with other clinicians
- ✓ Faster and more reliable access than CDs and films
- ✓ Ability to download full DICOM data
- ✓ Apple and Android apps and web viewer

referrer.ncrg.com.au

The Patient Portal

Gives your patients access to reports and images on their Phone tablet or PC

- ✓ No need to remember films when coming to appointments
- ✓ Allow sharing with family or other doctors such as specialists
- ✓ Reports delivered 5 days later
- ✓ Ecologically friendly
